

Resolution GA/5/1.1

General Assembly Fifth Committee

Co-sponsors: Republic of Albania, Republic of Argentina, Republic of Belarus, Belize, Kingdom of Cambodia, People's Republic of China, Kingdom of Denmark, Republic of Fiji, Republic of France, United Kingdom of Great Britain and Northern Ireland, Japan, Republic of Korea, State of Kuwait, Lao People's Democratic Republic, Kingdom of the Netherlands, Republic of Panama, Russian Federation, Republic of Seychelles, United States of America, Socialist Republic of Viet Nam

Topic: "Financial Reports: United Nations Children's Fund"

Noting with regret that children who live in poverty, are not receiving enough help,

Alarmed by the percentage of children dying of poverty everyday,

Deeply concerned by the percentage of people that live in poverty,

Reaffirming Sustainable Development Goals to end poverty in all its forms everywhere,

1. Seeking the need for the schools to educate youth on diseases in the area so as to better ensure their health and safety;
2. Designate a list of funding that prioritizes developing countries' needs based on the severity of their problems, such as natural disasters, conflict, poverty, and/or lack of necessary resources;
3. Further proclaims that each country is encouraged to increase their funding for UNICEF based on the country's GDP to reach the goal of raising 80 million USD for UNICEF;
4. Considers that steps taken could include receiving donations of unused school materials to give to children who are lacking in those specific resources;
5. Notes that it would be most cost efficient to use recycled and/or reused materials in the production of the merchandise for UNICEF;
6. Suggest that, to ensure further cost efficiency, volunteers deliver this merchandise to the countries, based on their needs and position on the list (operative clause one);
7. Notes that Regular Resources needs more funding and proposes to direct a portion of the funds received from merchandise to the Regular Resources budget;

8. Further recommends that this goal is reached through advertising of successful projects achieved with the support of the Regular Resources fund.
