CONFERENCE SCHEDULE

CONFERENCE DAY 1

Delegates meet on day one for an online orientation to get to know one another through introductions, ice-breakers and a review of Rules of Procedure. Delegates also showcase their electronic country displays (i.e. photos, powerpoints, jpegs, etc.) and set up their virtual or physical flags as Zoom backgrounds.

After, a Celebration of Nations kicks off the Opening Ceremony where delegates hear inspirational words from UN Ambassadors along with stories shared by young social entrepreneurs, activists and former delegates. The delegates are inspired and energized for the next days' committee sessions.

CONFERENCE DAY 2

The committee floor opens for delegations to present their speeches for the first topic on the agenda. The delegates express their positions and listen to the opinions of others, engaging in formal and informal discussion, negotiation and collaboration with an aim to produce a draft resolution that will be passed by consensus.

CONFERENCE DAY 3

The committee continues its work on the first topic, meeting in informal small groups to formulate their solutions into working papers which will be molded into the formal wording of a draft resolution. Each small group is facilitated by a Bureau Member. Delegates finish working on Topic One.

PAUSE WITH OPTIONAL ACTIVITIES

- Cultural Presentations will be given by school groups and individuals
- A Speed-meet Game will be held to get to know fellow delegates

CONFERENCE DAY 4

The committee moves into speeches to discuss the second agenda topic. The delegates continue their engaging discussions and negotiations.

CONFERENCE DAY 5

A second draft resolution is produced by the committees and either passed by consensus or voted on. Each committee elects their Closing Bureau, which includes three delegates to represent each topic.

CONFERENCE DAY 6

The conference culminates in the Closing Ceremony to celebrate the accomplishments of all the delegates and listen to the summary presentations of their resolutions, motivational talks by Ambassadors and youth leaders, and inspirational songs by delegates teamed up with Grammy nominated artist Alexander Star. Following the ceremony, delegates have a party-style celebration festival with DJ Ephniko and Alexander Star leading the way. Delegates also participate in Dance Challenges and capture snapshots of their excitement as they meet the entertainers during a "virtual autograph" event.

Understanding Committees

Two delegates together are responsible for both committee topics (no matter the authorship of the position papers).

MMUN suggests that the delegates work together on creating the position papers, since delegates must be familiar with both topics and be involved throughout the negotiation process. MMUN does not control the amount of time spent on each topic, therefore both delegates need to be equally invested in both.

In the case of a delegation with only one delegate, this single representative must submit two position papers. All single delegates must be declared in Step 1.

 Please note:

In online conferences the importance of both delegates being responsible for both topics is enhanced. In particular, delegations working from separate locations during online conferences need to be equally prepared for the discussion topic in order to participate fully.

HOW TO REGISTER IN YOUR PORTAL

How shall I decide on a country?

- Student Interest?
- Country or region with high interest in the news?
- Countries in the same region?
- Countries in a different region?
- Specific topics to be covered, including Security Council?
- Personal connection with/families from a region?
- Country or region aligned with school curriculum?
- Region similar to one we chose last year?
- Country or region similar to our own?

Country Selection

Silver Lining

The value of your experience should be determined by the process itself and not by the country. In fact, many teachers have told us that their most surprisingly interesting experiences have been associated with smaller, lesser known countries.

Caution

Be prepared with a number of options, as your first choices may not be available at the time of your registration. Seconds count when registration opens for many conferences. Do not make any promises to students or appointments at embassies until your registration for step I has been finalized.

Please note that the Cyberbullying Committee has four delegates for school representation on the Cyberbullying Committee.

EACH COMMITTEE HAS TWO TOPICS

- Both delegates in the committee must be familiar with both topics.

ALL THE DELEGATE SEATS MUST BE FILLED IN ALL THE COMMITTEES FOR THAT COUNTRY SELECTION

- If you have an odd number of delegates, one delegate must represent the country by her/ himself and write two position papers to cover both topics (declared in Step 1).

of Delegates (Upper Elementary Level)

If you have an odd number of students, you need to choose a country with the higher even number of delegates. In this case, you will have a single delegate for one committee and that delegate will be responsible for preparing on both committee topics.

of Upper Elementary Observers

(i.e. any adult or child which accompanies the school delegation. A child observer can include an accompanying family member or a school student who wishes to experience the conference without participating as a full delegate)

- Please note, if your delegation size changes, you will be required to also change your country selection to match your delegate numbers. If you are adding participants, you will need to select additional countries (if no countries are available, the conference is sold out and you will be unable to add delegates to your delegation), to satisfy your numbers. You will need to release the country or countries you had originally chosen, and then make new country selections to match your new delegate numbers.
- For this reason, the original delegate number confirmation is extremely important because, unfortunately this does happen, and delegations will then be forced to begin researching a new country. For example, if you originally had '10' delegates, and you were holding a 10-spot country, and now your delegation has decreased to '8' delegates, you will need to release that 10-spot country and select countries that total 8-spots (if available). This is done so that we do not run out of spots/countries for schools to choose, as MMUN must fill up every delegate spot.
- Please be aware that one teacher coordinator may prepare and manage up to 35 student delegates. Although observer and certified 'MMUN Teacher Coordinators may participate free of charge; they still need to be registered with MMUN through the registration system. Only these people will be supplied with the links for streaming of the online conference sessions.

REGISTRATION STEPS

STEP 1A (SCHOOL REGISTRATION AND COUNTRY SELECTION)

- 4.
Credit card to pay the 'Country Selection Fee.' Please note, your country selections are not secured until your payment is received.
- 5.
If you are paying via a wire transfer, you must send the wire-confirmation from your bank to info@montessori-mun.org proving the funds have been transferred within '3' business days.
 - If this confirmation is not sent to info@montessori-mun.org, your countries will be automatically released back into the pool for other schools to select. You will not have any selected countries and thus risk not participating in the conference if a sell-out occurs.

WHAT YOU NEED:

- 1.
This step merely confirms your committees based on the country selections made in 'Step 1a.'
- This is particularly important if you have an odd number of delegates. If you have an odd number of delegates, you will need to indicate which committee will contain only "1" delegate. This is done so that we release spots in the committee to other delegates.

HOW LONG YOU NEED:

- If you have the information above, 'Step 1b' can be completed rather quickly (approximately 2-5 minutes).

REGISTRATION STEPS

STEP 2A (DELEGATION CONFERENCE PACKAGE PAYMENT)

WHAT YOU NEED:

- 1.
Credit card to begin the payment process for the 'Participant Fees.' All payment amounts will auto-populate based on the participants entered in 'Step 1a' of your registration.
- 2.
Full payment is not necessary initially, and you can make partial payments toward your total by simply altering the 'Amount to Pay' box located at the bottom of the screen. You are able to then go back into this step to make another payment via the same or different credit card. This also allows the teacher coordinator to collect multiple credit cards and make multiple payments towards the balance owed.
- 3.
Please make sure you have completed all payments for the conference package within the deadline, to avoid liability fees (please see conference deadlines for confirmation of the date for your conference).
- 4.
Please note, the teacher coordinator must be directly responsible for this step. MMUN is not responsible for any changes that are made within your user portal. MMUN also does not make any changes to any user portal without the permission of the teacher coordinator.
- 5.
If you are paying via a wire transfer, you must send the wire-confirmation from your bank to info@montessori-mun.org proving the funds have been transferred. This must be done within '3' business days.

HOW LONG YOU NEED:

- If you have the information above, 'Step 2a' can be completed rather quickly (approximately 5-10 minutes), depending on the size of your group and how many payments you are making.

- You will need to upload a completed 'Position Paper' for each delegate in your delegation.
- Please note if you have an odd number of delegates, '1' of your delegates would have needed to research and complete both topics. This would mean '2' position papers for that delegate/committee will need to be uploaded.
